ROME WASN`T BUILT IN A DAY

2023
Incorporating new platforms and technology not only enhances business but also opens new avenues for exploration.
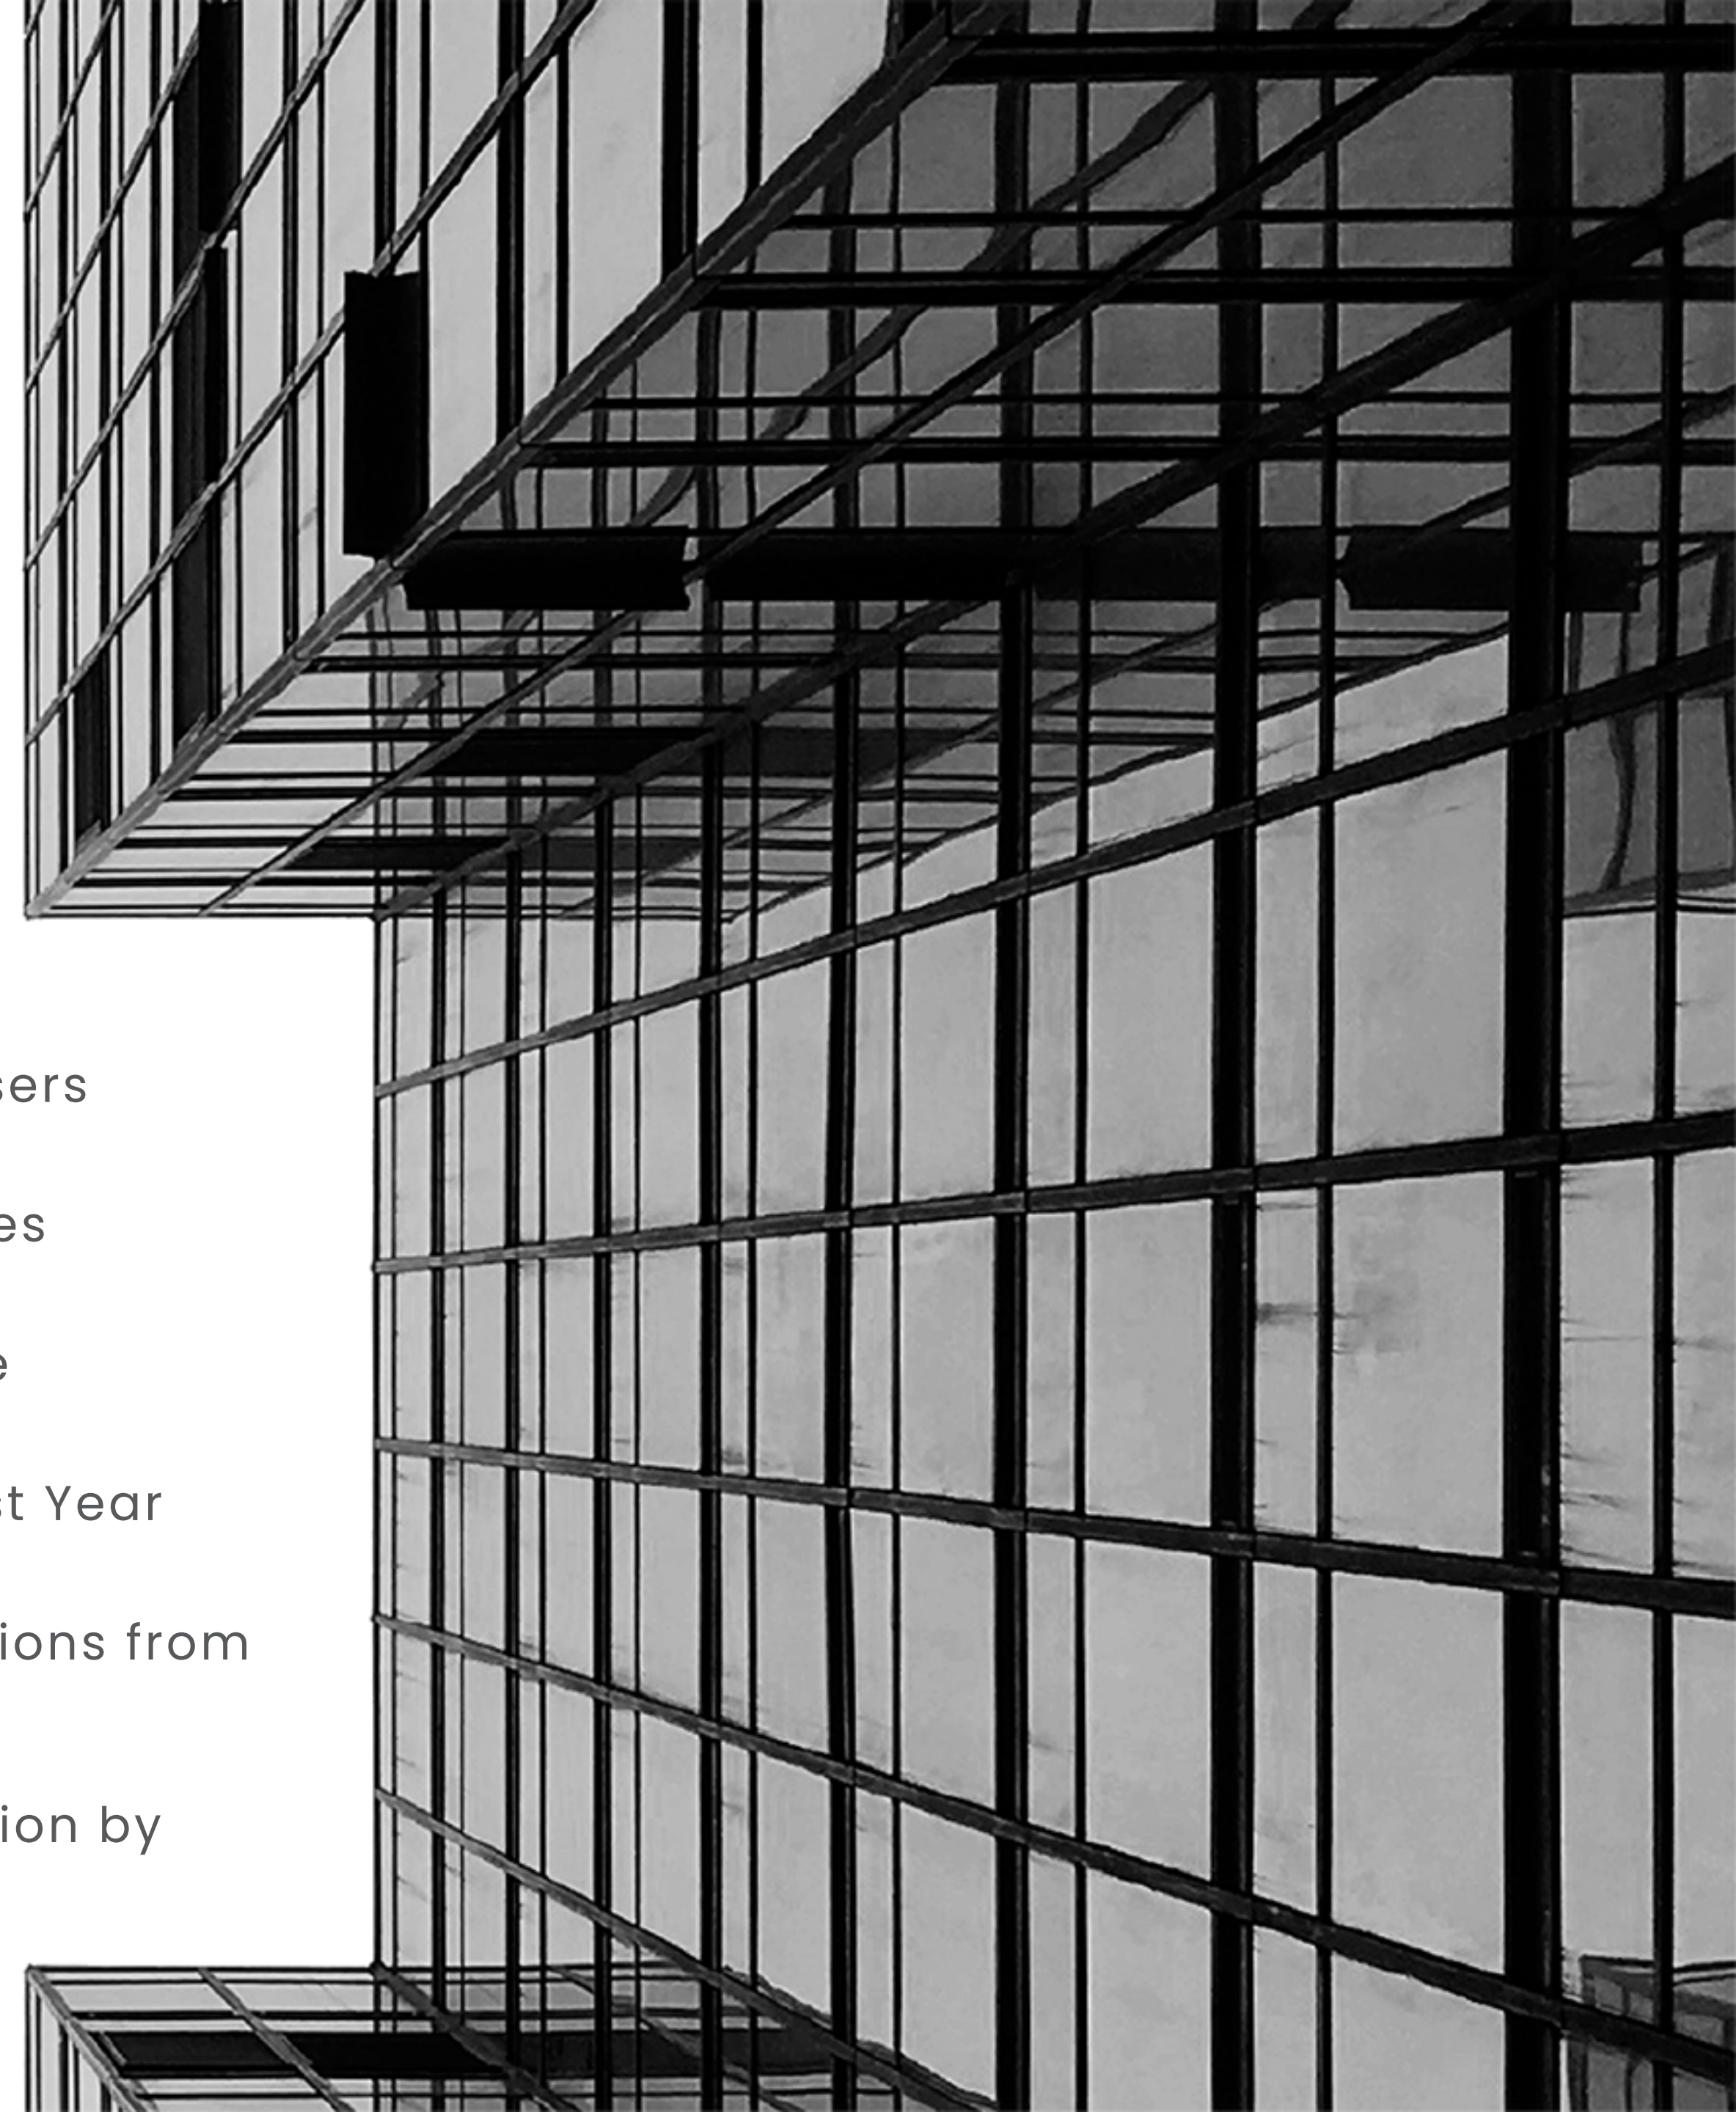

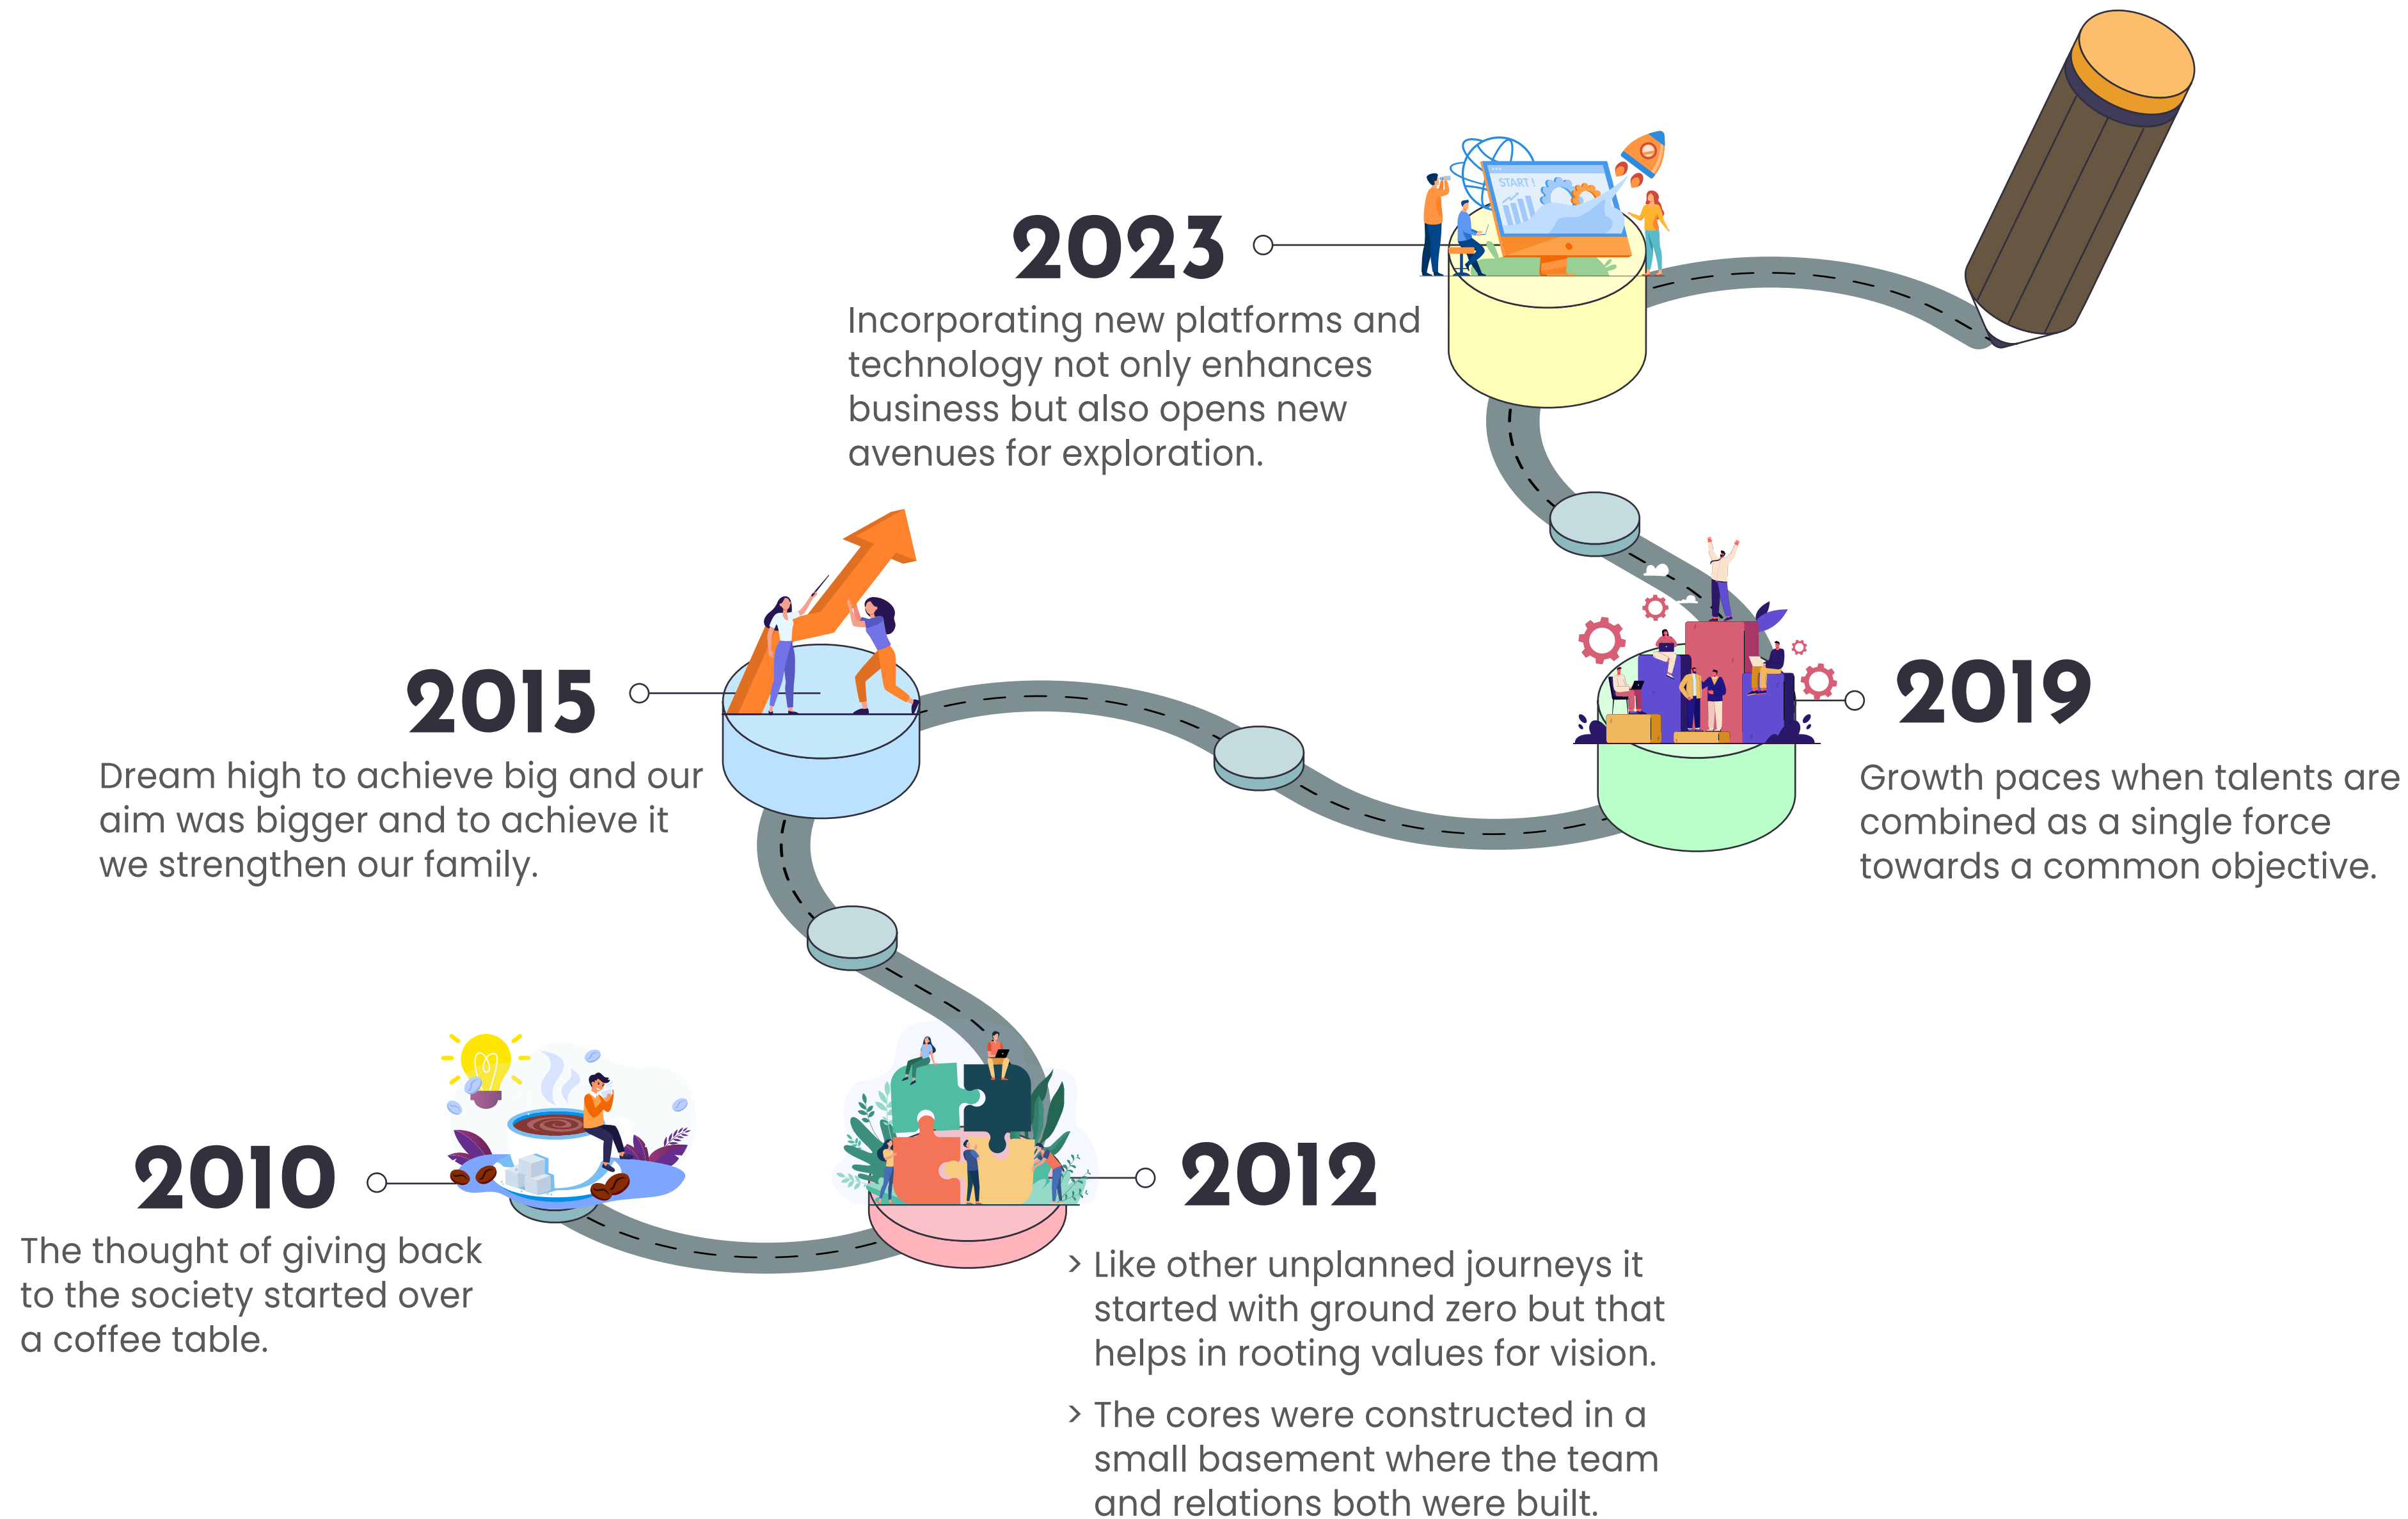

2015
Dream high to achieve big and our aim was bigger and to achieve it we strengthen our family.

2019
Growth paces when talents are combined as a single force towards a common objective.

2010
The thought of giving back to the society started over a coffee table.

2012
> Like other unplanned journeys it started with ground zero but that helps in rooting values for vision.

> The cores were constructed in a small basement where the team and relations both were built.

VISION
Our company's vision is to develop and improve constantly and grow as a major IT services provider to become a leading performer in providing quality web and software development solutions in the competitive global marketplace.

MISSION
Our mission is to enhance the business growth of our customers with creative designs and development modules to deliver market-defining high-quality solutions that create value and reliable competitive advantages for our clients around the world.

VALUES
At Citta, our values consist of ethics, compliance, and code of conduct,

➔ We strive to surpass our customer's expectations consistently.

➔ We invest in our employees to support them achieve their potential.

➔ We continually enhance our competencies to sustain high growth.

➔ We make decisions with integrity, and we strive for Quality.

RATIFY S

Ratifys is an AI-enabled global platform that empowers the ecosystem of employers featuring employee verification and rating mechanisms.

Ratifys is an Indian business and employer-oriented online service that operates via Online portal and mobile application.

The platform is mainly used for professional services to empower employer ecosystem and network, and allows companies to verify and rate their employees. Ratifys allows employers to create profiles and "connect" to each other (employers) on a global platform which may represent real-world professional relationships.

Ratifys Services

Know Your Employee

Efficiently find valuable & verified resources from our data pool as per your requirement with added features such as employee check, skills check, etc. Check employee rating on pre-defined skills parameters & attributes as per our research & past employer feedback for better decision making.

Employee Verification

Employment verification is the process of provding an employee relationship with an employer and other related details. Employees often seek to verify employment on their own by providing their resume, paystubs, or signed agreements.

Rate Your Employee

Rate your current & past employees on pre-defined parameters & attributes for creating a verified & cheating-free ecosystem, which would help in establishing a risk-free environment for both employees & employers.

Employee Ice-Out

Ice Out is an informal list of employees shared by their respective past employers who are eligible and qualified for the job but may not meet other criteria that would conflict with corporate culture or colleagues.
