THINK ABOUT IT:

The production and inventory management system has revolutionized our operations. We now have better control over stock, reduced waste, and improved financial tracking. A game-changer for our business!

JAY PATEL

ABOUT NEEVA GREEN AGRO

Neeva Green Agro is a well-established packaged flour brand specializing in high-quality wheat products. The company was founded with a vision of delivering premium food products to consumers while bridging the gap between customer expectations and market supply. With increasing demand, the company faced operational inefficiencies in production, inventory, and finance management.

PROJECT

OVERVIEW

Neeva Green Agro required a structured system to improve production tracking, inventory management, and financial oversight. Manual processes led to stock mismanagement, production delays, and difficulties in cost tracking. A robust software solution was implemented to enhance operational efficiency and ensure smooth business workflows.

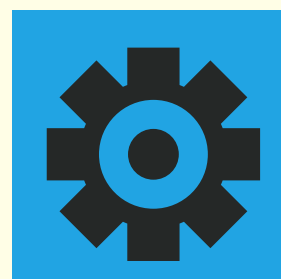

PAIN POINTS FOR NEEVA GREEN AGRO

Unstructured production tracking – Difficulty in monitoring raw material usage and batch production.

Inventory mismanagement – Overstocking and wastage due to lack of real-time stock visibility.

Inaccurate cost tracking – Inefficiencies in financial reporting and profitability analysis.

Supply chain inefficiencies – Delayed order processing and poor vendor coordination.

OUR SOLUTIONS

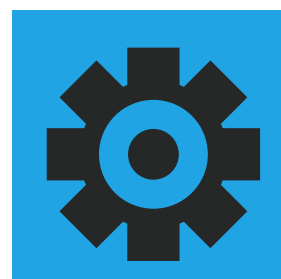

FOR NEEVA GREEN AGRO

Production Management System – Real-time monitoring of production batches and material usage.

Automated Inventory Control – Stock level alerts, optimized storage, and waste reduction.

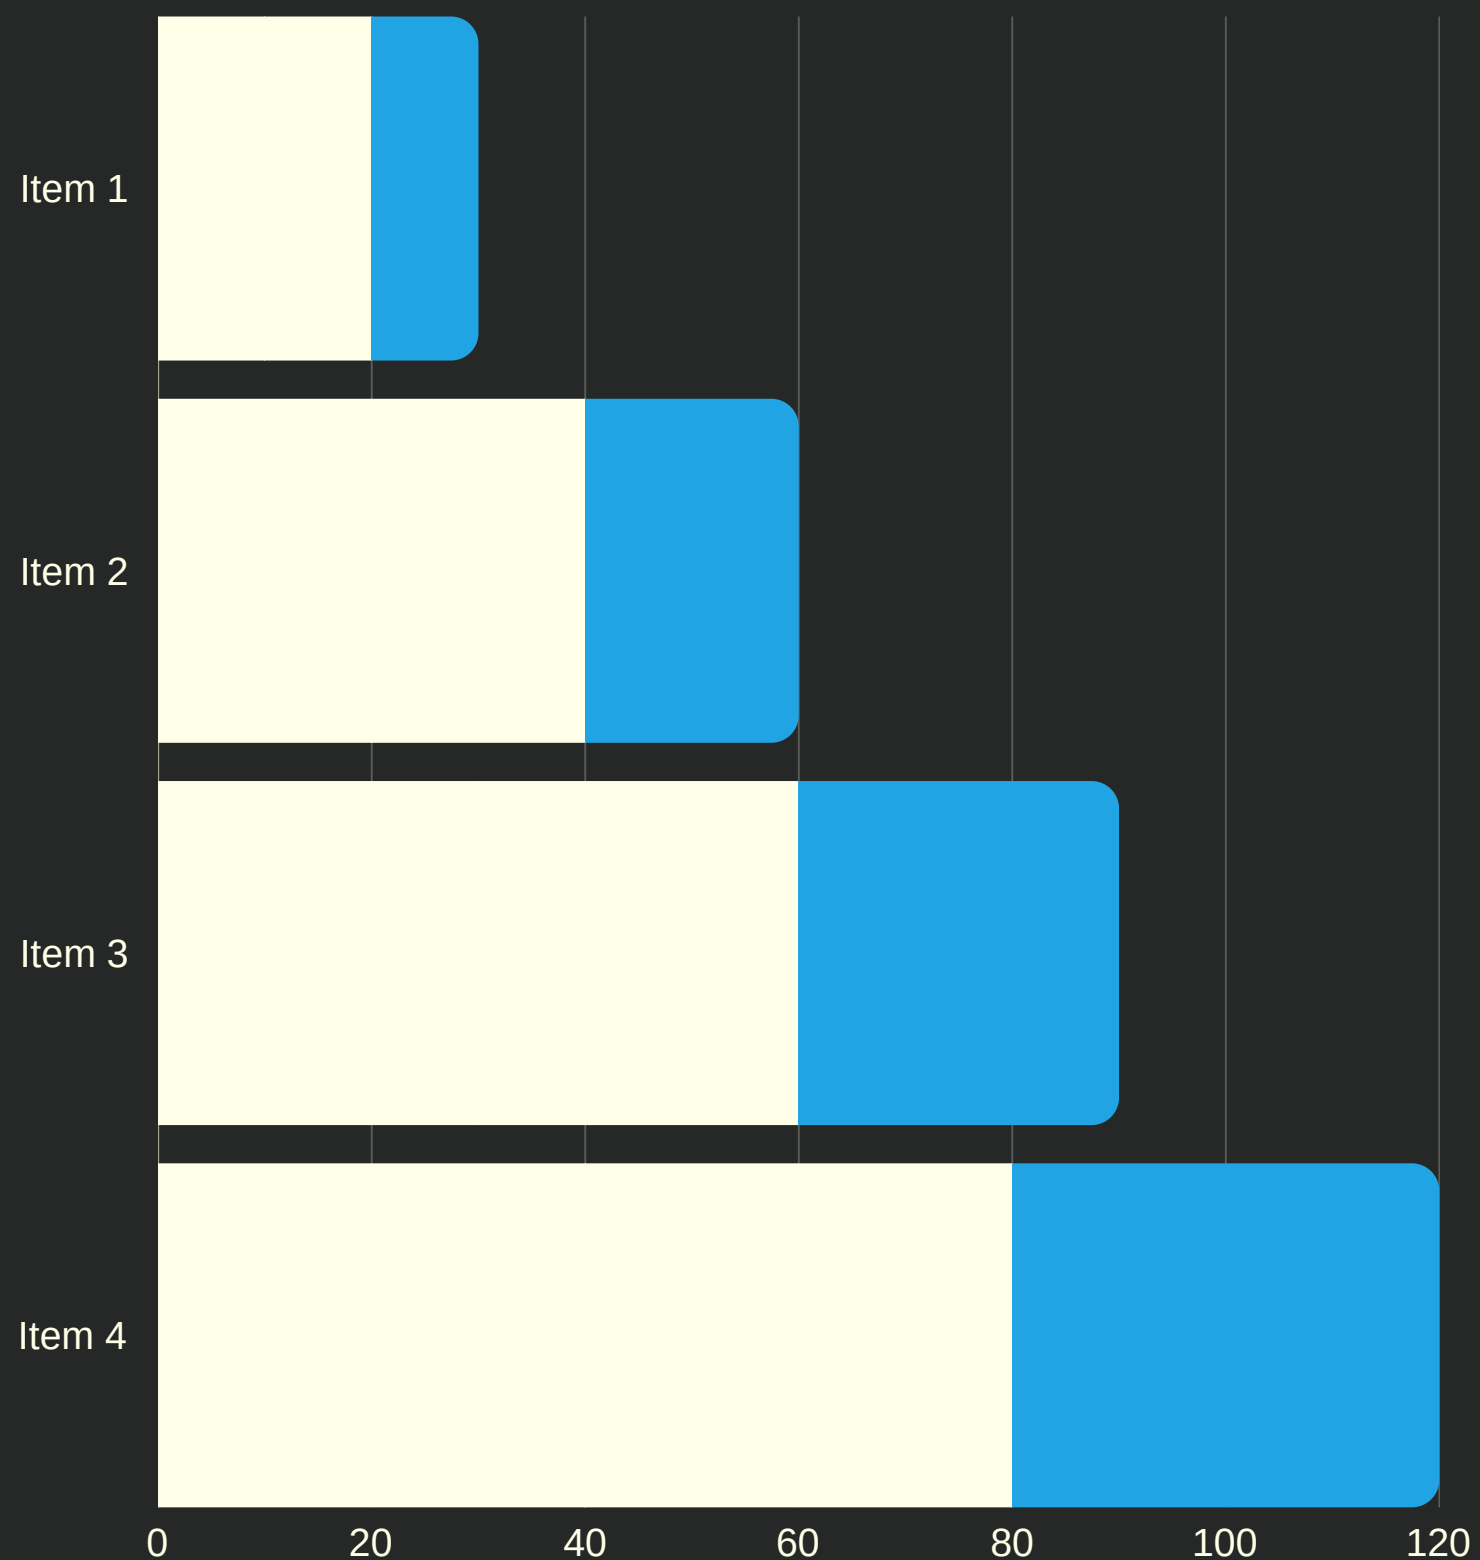

Integrated Financial Tracking – Automated cost monitoring, invoicing, and profit analysis.

Supply Chain Optimization – Improved vendor management and faster order fulfillment.

FACTS & FIGURES

- **20%** increase in production efficiency through real-time tracking.
- **30%** reduction in raw material wastage due to inventory optimization.
- **25%** improvement in financial accuracy with automated reporting.

**MORE EFFICIENT
